

Updating the Firmware

1. Update using the Administration page. The device will reboot once or twice.

2. Upload the new information to the AREDN server using the Basic Setup page. This will update [this map](#)

3. Reinstall any additional packages such as [meshchat](#).
4. If you still see a message like this at the top of the home page:

AREDN Messages:
 ➔ all nodes: AREDN Version 3.23.4.0 has been released.

You can force it to disappear by executing the last command on the [Advanced Configuration](#) page:
